## Beenleigh Quarry

# Community Consultative Committee & Southern Lands Stakeholder Group

28th September 2023 | Meeting #30

# Meeting Open

- Welcome to Country
- Apologies & Introduction
- General business

# General Operations Update

- Changes to operational practices
- Environmental monitoring
- Southern Lands

# Development Application Update

Holcim is continuing to work with the City of Gold Coast Council to ensure they have all the information necessary to fully assess the proposed operating hours. This includes:

- Peer Review of Noise Report - Council engaged a third party noise expert to review Holcim's consultant's works. A range of questions and requests for additional information were raised, all of which have been responded to.
- Lighting Review - Council raised community concerns regarding lighting, which echoed what the CCC members subsequently raised with Holcim. This issue was reviewed and rectified immediately.
- Stormwater - Council requested further information on stormwater management at the Quarry. Holcim provided further details in an updated Stormwater Management Plan to demonstrate compliance with the Quarry's water storage and water quality requirements.
- Operational Details - Council requested details on the activities associated with each specific component of the operation. Holcim provided detailed descriptions of each component of operations in each area of the Quarry.

**What now?** Council will continue to assess the additional information provided by Holcim.

# Temporary Saturday Hours

Council has endorsed the following Saturday hours for Beenleigh Quarry from Saturday 30 September to Saturday 2 December 2023:
